

# THE HERPETOLOGICAL BULLETIN

## Contents

### RESEARCH ARTICLES

- Abundance and diversity of anurans in a regenerating former oil palm plantation in Selangor, Peninsular Malaysia  
*James B. Barnett, Rosmund L. Benbow, Ahmad Ismail and Mark D. E. Fellows*. . . . . 1
- New data on larval development in *Pelobates varaldii*  
*Daniel Escoriza*. . . . . 10
- Trauma healing and post-trauma rehydration in a *Boa constrictor*: case report  
*Roberta da Rocha Braga and João Fabrício Mota Rodrigues*. . . . . 14

### SHORT NOTES

- Altitudinal and life zone extension of the Harlequin frog *Atelopus laetissimus*, in the Sierra Nevada de Santa Marta, Colombia  
*Juan Manuel Carvajalino-Fernández, Luis Alberto Rueda-Solano and Mitty F. Porras*. . . . . 18
- Post hibernation movements in an aspic viper, *Vipera aspis*  
*Roger Meek*. . . . . 22

### NATURAL HISTORY NOTES

- Agalychnis callydrias* (red eyed tree frog): Range extension  
*Katherine V. González and Juan G. Abarca*. . . . . 25
- Litoria dentata* (bleating treefrog): Unusual call  
*Dean C. Metcalfe*. . . . . 27
- Trachemys dorbigni* (brazilian slider turtle): Prey  
*Carolina Silveira Mascarenhas and Marco Antonio Afonso Coimbra*. . . . . 28
- Vipera berus* (common viper): Feigning death  
*Rick Hodges*. . . . . 30
- Pantherophis obsoletus obsoletus* (black rat snake): Feeding observation  
*Charles Beckham*. . . . . 32
- Natrix natrix* (grass snake): Habitat  
*Stuart Graham*. . . . . 33
- Vipera berus* (adder): Gravid overwintering.  
*Nigel Hand*. . . . . 34

### Book Review

- The Case of The Green Turtle: An Uncensored History of a Conservation Icon by Alison Reiser  
*Gary Powell*. . . . . 36

The  
**HERPETOLOGICAL  
BULLETIN**

Number 125 – Autumn 2013

PUBLISHED BY THE  
**BRITISH HERPETOLOGICAL SOCIETY**

# ***THE HERPETOLOGICAL BULLETIN***

*The Herpetological Bulletin* is produced quarterly and publishes, in English, a range of articles concerned with herpetology. These include society news, full-length papers, new methodologies, natural history notes, book reviews, letters from readers and other items of general herpetological interest. Emphasis is placed on natural history, conservation, captive breeding and husbandry, veterinary and behavioural aspects. Articles reporting the results of experimental research, descriptions of new taxa, or taxonomic revisions should be submitted to *The Herpetological Journal* (see inside back cover for Editor's address).

ISSN 1473-0928

© The British Herpetological Society. All rights reserved. No part of this publication may be reproduced without the permission of the Editor.

Printed by: Bruce Clark (Printers), Units 7-8, Marybank Lane, Dundee, DD2 3DY.

## **Guidelines for contributing authors**

1. See the BHS website for a free download of the Bulletin showing Bulletin style. A template is available from the BHS website [www.thebhs.org](http://www.thebhs.org) or on request from the Editor.
2. Contributions should be submitted by e-mail or as text files on CD or DVD in Windows® format using standard word-processing software.
3. Articles should be arranged in the following general order: *Title*; *Name(s)* of author(s); *Address(es)* of author(s) (please indicate corresponding author); *Abstract* (required for all full research articles - should not exceed 10% of total word length); *Text*; *Acknowledgements*; *References*; *Appendices*. Footnotes should not be included.
4. Text contributions should be plain formatted with no additional spaces or tabs. It is requested that the *References* section is formatted following the Bulletin house style (refer to this issue as a guide to style and format). Particular attention should be given to the format of citations within text and to references.
5. High resolution scanned images (TIFF or JPEG files) are the preferred format for illustrations, although good quality slides, colour and monochrome prints are also acceptable. All illustrations should be entirely relevant to the text and numbered sequentially with Arabic numerals. Images should be separate from the text file and in full resolution. Figure captions should be included within the text file, not embedded within images.
6. Authors will be informed promptly of receipt of their manuscript. Acknowledgement of receipt **does not** indicate acceptance for publication. All contributions are liable to assessment for suitability and ethical issues and all articles are subject to peer-review. The Editor reserves the right to shorten or amend a manuscript, although substantial alterations will not be made without permission of the primary author.
7. Authors will be supplied with a portable document file (pdf) of their published article and a complimentary copy of the full printed issue. Slides, artwork, and other original material will be returned following publication.
8. The Editor is keen to ensure that the Bulletin is open to as wide a range of contributors as possible. Therefore, if an author has concerns about compliance with submission guidelines or the suitability of a manuscript, or would like help in preparing it, please contact the Editor to discuss.
9. The significance and importance of some articles may be such that the Editor will offer the author a year's free subscription to the Society.

The views expressed by contributors to the Bulletin are not necessarily those of the Editor or the British Herpetological Society.

All manuscript submissions and correspondence arising from the Bulletin should be sent to the Receiving Editors, [herpbulletin@thebhs.org](mailto:herpbulletin@thebhs.org).

**Front cover illustration.** Black rat snake (*Pantherophis obsoletus*), one of several individuals that were observed foraging around a property in Pennsylvania (Photograph taken by Charles Beckham). See article on page 32.
