

THE HERPETOLOGICAL JOURNAL

Volume 1, Number 5

December 1987

CONTENTS

<i>Full papers</i>		
Digestion, specific dynamic action, and ecological energetics of <i>Natrix maura</i>	A. HAILEY & P. M. C. DAVIES	159
Tadpole distribution in relation to vegetal heterogeneity in temporary ponds	C. DIAZ-PANIAGUA	167
A study of gut function in young loggerhead sea turtles, <i>Caretta caretta</i> L. at various temperatures	R. F. BIRSE & J. DAVENPORT	170
Habitat destruction and its effects on a population of smooth newts, <i>Triturus vulgaris</i> : an unfortunate field experiment	P. A. VERRELL	175
Enzyme (aldolase) activity in hyperosmotic media (NaCl and urea) in the terrestrial toad, <i>Bufo viridis</i> and frog <i>Rana ridibunda</i>	G. DEGANI & H. HAHAMOU	177
The influence of temperature and activity on aerobic and anaerobic metabolism in the viviparous lizard, <i>Lacerta vivipara</i> (Jacquin)	M. K. AL-SADOON	181
Growth, movement and population dynamics of <i>Natrix maura</i> in a drying river	A. HAILEY & P. M. C. DAVIES	185
A review of geographical variation in <i>Gerrhosaurus major</i> Duméril (Sauria: Cordylidae)	D. G. BROADLEY	194
Herpetofauna of the Swanton Morley site (Pleistocene: Ipswichian), Norfolk	J. A. HOLMAN	199
<i>Forum</i>		
Sexual selection in amphibians: a reply to Halliday and Verrell	R. SHINE	202
Sexual selection in amphibians: a reply to Shine	T. R. HALLIDAY	203
<i>Book Reviews</i>		205
<i>Obituary</i>		206
