

THE HERPETOLOGICAL JOURNAL

Volume 14, Number 2 2004

CONTENTS

Full papers

- | | | |
|---|---|-----|
| Dietary shifts of sympatric freshwater turtles in pristine and oil-polluted habitats of the Niger delta, southern Nigeria | L. LUISELLI,
G. C. AKANI,
E. POLITANO,
E. ODEGBUNE &
O. BELLO | 57 |
| A morphometric analysis of <i>Trimeresurus vogeli</i> (David, Vidal and Pauwels, 2001), with new data on diagnostic characteristics, distribution and natural history | A. MALHOTRA,
R. S. THORPE &
B. L. STUART | 65 |
| Thermal effects on the antipredator behaviour of snakes: a review and proposed terminology | A. MORI &
G. M. BURGHARDT | 79 |
| The abundance of premetamorphic newts (<i>Triturus cristatus</i> , <i>T. marmoratus</i>) as a function of habitat determinants: an <i>a priori</i> model selection approach | M. SZTATECSNY,
R. JEHLE,
B. R. SCHMIDT &
J. W. ARNTZEN | 89 |
| Distribution and conservation of the Komodo monitor (<i>Varanus komodoensis</i>) | C. CIOFI &
M. E. DE BOER | 99 |
|
<i>Short Note</i> | | |
| Ecological observations on <i>Mabuya dorsivittata</i> (Squamata; Scincidae) from a high altitude habitat in south-eastern Brazil | D. VRCIBRADIC,
M. CUNHA-BARROS &
C. F. D. ROCHA | 109 |
