

Errata “Emerging Infectious Disease Threats to European Herpetofauna”

S.J.R. Allain and A.L.J. Duffus

References:

A reference from Table 1 was omitted from the References.

Vörös J, Herczeg D, Fülöp A, Gál JT, Dán Á, Harnos K, Bosch J. *Batrachochytrium dendrobatidis* in Hungary: an overview of recent and historical occurrence. *Acta Herpetologica*. 2018.

Figure 2 and Table 1

Due to an error in translation, we mistakenly included Finland (Patrelle et al. 2012) in both the table and map as an area with Bd infection. There currently are no known Bd infections in Finnish common frogs (*Rana temporaria*).

Please see below for an amended Figure 2.
