

## Distribution of released pet turtles in the UK: a citizen science survey

Suzie M. Simpson & Richard A. Griffiths

### Survey Questions

#### Turtle Tally UK Citizen Science Survey

1. Full name
2. Email
3. Date and Time of Sighting
4. Please provide a Grid Reference (e.g. TQ 62873 49784) of the location (gridreferencefinder.com). You can also use what3words.com to give a location of the sighting. If unable to provide, please type '0' and give a description of location below.
5. Please provide a description of the location where the turtle was sighted i.e. description with a postcode, park or place name. Try to be as specific as possible.
6. How many turtles did you see in this sighting?
7. Which species of turtle(s) did you see? (tick all seen) Please do you use the identification pictures below to select which species you saw.  
(Illustrations from Langton et al. (2011), permission obtained from author to use as part of the survey.)
8. If you have a further description of the turtle, please specify:
9. What was the turtle(s) doing? i.e. basking on a log out of the water.
10. If you have photos of the turtle(s), please send to TurtleTallyUK@gmail.com. (No upload point)

We welcome all photo evidence of sightings for confirmation. By sending images, I confirm that the file does not have illegal content, and that my sharing the file does not infringe third party's rights. Consent is given for the images to be used to raise awareness of the research being undertaken.

Thank you for participating in our survey today, we appreciate you taking time to do so. If you have any feedback on this survey to help us improve it, please fill out the comments box below.
